The **National Technical Seminar on Underwater System Technology 2018 (NUSYS'18)** aimed at presenting current research being carried out in that area and scheduled to be held on **26th-27th September, 2018** in **Universiti Malaysia Pahang, Pekan Campus**. The idea of the seminar is for the scientists, scholars, engineers and students from the Universities in Malaysia and the industry to present ongoing research activities, and hence to foster research relations between the Universities and the industry. This seminar provides opportunities for the delegates to exchange new ideas and application experiences face to face, to establish business or research relations and to find global partners for future collaboration. The seminar would offer a number of invited lectures from renowned speakers all over the country. The Best paper awards will be given for the papers judged to make the most significant contribution to the conference.

TOPICS OF INTERESTS

We invite the submission of original, unpublished technical papers on topics including but not limited to:

Underwater Technology and Marine :

Underwater Engineering and Technologies | Underwater Robotics | Underwater Communication
Acoustics Technology | Subsea Riser and Pipelines | Offshore Platform | Marine Renewable Energy
Artificial/Intelligent System | Energy Storage

Applied Electronics and Computer Engineering :

Image/Video Processing
Audio/Signal Processing
Embedded Systems and Architecture
Implementations
Cloud Multimedia Systems,
Applications and Services

Sustainable Energy and Power Engineering :

Energy Storage
Power System Engineering
Power Electronics and Drives
Electric Vehicle Power and Propulsion

Control, Instrumentation & Artificial Systems :

Robotics, Control, Mechatronics &
Unmanned Systems
Instrumentation & Smart Sensors
Engineering Optimization
